### A JOURNEY OF SUCCESS - BEIJING TO SYDNEY

**The story of Ironfish founder and CEO Joseph Chou, the Chinese-born entrepreneur who left his homeland as a 29-year-old diplomat to create a new life for himself in Australia.**

Readers will laugh at his anecdotes, be impressed with the simplicity of his business message, marvel at his dogged determination and be inspired enough to ensure they reach the goals they set. Passionate about his new country, Joseph shares his love for Australia and his desire to see fellow migrants embrace the opportunities they are given for themselves and their country, talking candidly about self belief and risk-taking. It is Joseph's hope that by penning his personal story he will inspire others that if he can do it, surely they can too.

#### About the author

Joseph Chou is one of Australia's leading property investors, having created a life for himself from nothing at the age of 29. He came to Australia in 1991 with just \$4000 in his pocket and a desire to create a new life for himself in his heart. Born in Beijing in 1962, he studied at the prestigious Peking University and then in the US, enjoyed the role of diplomat in his homeland, only to lose the title and prestige by migrating to Australia. Today he teaches and speaks to thousands about property investment and business principles and is CEO and founder of property investment and finance company Ironfish. He has a firm belief that anyone can make it in the property industry as long as they do one simple thing: play by the rules.
